For all age groups...

CE

Silk Clay[®]

Silk Clay®

A smooth, lightweight modelling clay which is easy for all age groups to use for modelling small shapes. Silk Clay dries with a foam-like, even surface.

Silk Clay sticks easily to many items – without the use of glue. You can also cut the clay easily.

- ✓ Super soft
- ✓ No smudging
- ✓ Excellent adhesion

Psst...

Store Silk Clay in an air-tight container. If the clay dries up, knead it thoroughly by hand with a bit of water to return its elasticity.
