

Château en bois à construire
Houten kasteel om op te bouwen
Holzburg zum Aufbauen

01 **02** **A**

03 **04**

Diagram showing the assembly of the wooden castle base. It includes three sub-diagrams labeled C, B, and A at the top, showing the progression from individual wall sections to a partially assembled structure. Below are four numbered steps (01-04) with corresponding line drawings and 3D renderings. Red arrows indicate the direction of assembly. Step 01 shows two wall sections being joined. Step 02 shows a gate section being added. Step 03 shows two more wall sections being attached. Step 04 shows the final base structure with a gate.

05

06

Diagram showing the assembly of the wooden castle roof and floor. Step 05 shows two red roof panels being attached to the wooden walls. Step 06 shows a large square wooden floor panel being placed on top of the walls. A green arrow points down to the floor panel.

01 **02** **B**

03 **04**

05

Diagram showing the assembly of the wooden castle towers and roof. It includes two sub-diagrams labeled 01 and 02 at the top, showing the progression from individual tower sections to a partially assembled structure. Below are five numbered steps (01-05) with corresponding line drawings and 3D renderings. Red arrows indicate the direction of assembly. Step 01 shows two tower wall sections being joined. Step 02 shows a gate section being added. Step 03 shows two more tower wall sections being attached. Step 04 shows the final tower structure with a gate. Step 05 shows two red roof panels being attached to the towers.
